Bell Scott Tells the Bulletin a Wierd and Woolly Fairy Tale.

The silliest piece of tommyrot that ever appeared in print was the Sunday morning Bulletin's interview on the shooting affray in this city Thursday evening. It is republished as an example of the limits to which degenerate newspapers will go.
"My husband is an innocent, hard-working man," Mrs. Scott said. "He has been employed by Judge Treadwell of San Francisco and by G. W. Root, Clerk of the Supreme Court, and both gentlemen will vouch for him at any time, and either one of them will advance him money if he needed it. I have been troubled with a tumor in my stomach for some time, and we went to Reno in hopes that my health would improve and I could escape an operation, which I dread like I do death."
"One evening my husband was talking with a white man who conducts a sheep ranch, when two drunken men came up to him and said: 'You nigger, what business have you got in this saloon?' Then one of the men struck my husband, and then his companion hit him. My husband did not resist them, but the sheepman did, and my husband eventually escaped and came home."
"After we were in bed the two men accompanied by five others came to our house and demanded admittance. I made my husband get under the bed, then I opened the door, and as I did so a revolver was thrust in my face and the man said, 'Where is that man of yours, you black wench? We have come to kill him.'"
"I declared that he was not in the house, and begged for my life on my knees."
"After the men went away Constable Leeper came and arrested my husband, and he went down and deposited \$200 bail for his appearance. The next day my husband demanded a trial, but could not get it. I went and asked for my money back and that was refused. I was called the vilest of names by Constable Leeper and the crowd that was with him, and I was repeatedly threatened with hanging."
"The next day my husband went down to stand trial, and had hardly gone a block from our house when ten men began shooting at him, and as he ran a ball passed through his body, and he now lies dying. My husband had no revolver, and it was a wild ball from the weapons of ruffians who were shooting at my husband that struck Constable Leeper."
"The Sheriff and Judge both said that we had been treated badly and were not in the wrong, and the Sheriff smuggled me out of Reno to save me from being hung by these ruffians."
The woman, who had related her story with dramatic effect and with every symptom of truthfulness, became so excited that she went into convulsions and the city physician was called in.

Washoe Is Far in the Van.

State Superintendent Ring has made the following apportionments of school monies to the various counties:

Washoe county got \$15,143 03, leading the list. The next highest was Elko with \$9,577 94. Storey was third, Lincoln fourth and Humboldt fifth. Churchill brought up the rear with \$781 14.
The total appropriation was \$68,818 43. There are 2,130 children in the State, of which 1,930 live in the county of Washoe. Elko is the only other county having over a thousand. There are only 102 in Churchill.
Judging from this report the counties of Nevada range as follows in point of population:
Washoe, Elko, Storey, Lincoln, Humboldt, Ormsby, White Pine, Lyon, Esmeralda, Douglas, Lander, Nye and Churchill.
The school appropriation was on the basis of \$7 65 1/2 per census child.

Mr. Leeper Continues to Improve.
At 2 this morning Dr. Lewis informed The Journal that Constable Leeper's condition showed marked improvement. His temperature was normal and his pulse had fallen to 84. Although his patient was very weak, he was in better shape than the previous day and the chances for his ultimate recovery were increasing.
"It is too early to say that he is out of danger, but I think that Mr. Leeper has a good chance for his life."
Pardon Granted Bouton and Johnston.
Victor Bouton was pardoned yesterday from the State Prison, after serving a year or two for cattle stealing. His release was entirely due to the efforts of his sister, Mrs. Elmer (nee Cloy Bouton) who went up and down the State soliciting signatures to a petition for his pardon and who personally appeared before the Board of Pardons and made a very touching and eloquent plea for his release.
Willard Johnston, convicted of assault with a deadly weapon upon Thos. Phillips at the Wedekind mine last summer and sentenced to one year, was pardoned yesterday. E. L. Williams of the law firm of Williams & Cooke presented Johnston's petition.

New Industry for Reno.
John Barrett is about to inaugurate a new industry in this city. He has secured a patent to a tract of land some miles north of Reno which contains an inexhaustible supply of a peculiar kind of granite similar to that which is imported from Vermont or Scotland.
Mr. Barrett is arranging for terms with the N-C-O and expects to ship large quantities of this granite to Reno, where it will be dressed and reshipped to coast points.
Mr. Gambill Returns.
H. C. Gambill, accompanied by his family, returned Sunday from the East, and will make Reno their home. Mr. Gambill is State Deputy Head Consul Modern Woodmen of America, with offices in the Hartung building.

HOW LONG MUST THIS EVIL BE ENDURED?

The Idle and Criminal Vagrants of First Street Should All Be Banished from the Town.

Reno is facing a crisis. The citizens of the town have at last awakened to a realization that this city is branded throughout the coast as a wideopen town, where vice is uncontrolled and crime stalks rampant.
This is not the fault of the patrolling officers. For three years they have been endeavoring to hold the vicious element in control. They have arrested criminals, nearly all of whom have been released on \$20 bail. When the time for trial arrived the defendants have demanded a jury trial and the twelve good men and true have almost invariably turned the prisoners loose.
The reason for this is apparent. There was an effort to preserve the good name of the town. There was a feeling current that it were better to allow a festering sore to lurk in the side of the body politic, where it would constantly grow worse and in the end cause murder and theft to stalk rampant, than to end it all by a crusade that would temporarily show to the world that Reno was a rallying ground for the lowest specimens of humanity that existed on the coast.
The citizens are themselves to blame for the condition of affairs that resulted in a brave officer being shot, perhaps to his death. Mr. Leeper and The Journal worked hand in hand for a year to purge this fair city of the scum that found lodgment here. There was but a listless support from the citizens. In fact from certain sources there was criticism and rebuke.
The events of late and especially of Thursday night have proven that Constable Leeper and The Journal were right.
What must be done in expiation of the silly faint heartedness of our citizens?
The Justice Court has shown sensible unconcern and the prosecuting attorney has evidenced that he is utterly incapable. He has with tears in eyes and voice urged and pleaded for the discharge of prisoners charged with vagrancy. He has even gone surety for the appearance of these vermin in court. He is said to have refused to prosecute the man who shot down Officer Leeper when arrested on a vagrancy charge.
Let these officers awake to the realization of the fact that they were chosen by the citizens to enforce the law. They have been derelict but they have a chance to redeem themselves. The shooting of Charlie Leeper, as brave and honest an officer as ever wore the star, is to a certain extent chargeable to their laxity, but they may purge their past by visiting upon these vermin the fullest penalty that the law allows.
Who are these vermin? The Journal does not condemn the said-to-be "necessary evil." These women are not to blame for the social condition that is Reno's shame. No. The crime committers are those who survive by preying upon these women. The criminals who plot and carry on crime are the parasites who prey upon the earnings of the women of the lower world. All of these, who do not earn their living through legal manner should be arrested and convicted of vagrancy. The court and prosecution should arouse from their timidity and free the town of these pervers. Citizens summoned upon juries should do their duty.
The officers of Reno have raided the tenderloin time and time again only to have their prisoners freed. Public sentiment has changed. The Journal believes that a case of vagrancy will stick hereafter. Let the officers arrest. The court and prosecution will do their duty or the people of Reno will know the reason why.

Scott Removed to Carson.

Shortly after the V. & T. express arrived in Reno Sunday evening the engine and one car were uncoupled and ran out to the edge of town, where the train was met by a rapidly driven closed carriage. It contained Bill Scott, the fellow who shot Constable Leeper. He was accompanied by Sheriff McInnis and Dr. Gibson. A quick run was made to Carson and the prisoner was placed in the penitentiary hospital.

This special was ordered because of alleged threats that Scott would be lynched. The good name of the town has been preserved and the trifling cost of caring for the prisoner and a lawsuit is all that it costs. The people of Reno refrained from taking the law into their own hands under provocation that would have moved a community to action anywhere but in law-abiding Nevada.

Carpenters' Union Asks for a Charter.
Last evening the carpenters and joiners of Reno held another meeting in Ritter's Hall. About fifty craftsmen were present. Forty-five have signed the roll.
The meeting was presided over by the temporary officers selected at the previous meeting.

The date of the next meeting has not been settled upon. It will be announced in the papers.

WEDDING ON THE COMSTOCK

John Wedekind of This City Takes Miss Lilian Bailey to Wife.

A quiet wedding took place at Virginia City at noon last Sunday, when John H. L. Wedekind of Reno and Miss Lilian Bailey, of Steamboat, were united at the residence of the bride's uncle, Mr. Samuel Woods, on North C street.
The ceremony was performed by Rev. Mr. Pardee, pastor of the Methodist church, only relatives of the contracting parties being present.
The bride, was supported by her younger sister, Miss Hattie, as bridesmaid, and the groom by E. L. Blingham as best man.
After the ceremony a bounteous repast was served and the bridal couple then took their departure for this city, where Mr. Wedekind will make a cozy home on Mill street.
The bride is the daughter of H. H. Bailey, an old and respected citizen of the Comstock, and has a large circle of friends who will wish her joy in her new station in life.
John Wedekind, the new benedict, is too well and favorably known to need special mention or introduction from The Journal. The many friends of both parties wish them all the joy and prosperity that a kind Providence can vouchsafe.
Mr. and Mrs. Wedekind were the recipients of many handsome and useful presents from friends in this and other States.

JOHN H. DENNIS, Editor

STATUS OF THE DRUNKARD.

In a recent discourse Bishop Potter hit a weak point in many a temperance argument when he said: "In John B. Gough's pictures in his temperance agitation the drunkard was always a victim, a victim of the rumrunner, always a victim—almost a martyr. That is false sentiment. The drunkard is not to be regarded with the compassion meted to the man who commits an act under the influence of temporary emotion. The whole theory of Gough's teaching was false and rotten."

Through the qualities of mercy and charitable-ness should temper judgment it may be said very positively that the drunkard has been the recipient of far more sympathy than he deserves. If he is occasionally driven back to drink by the severity of self-righteous critics who are not just perfect themselves, the disposition in the time of all great reform movements is to coddle him as if he were an irresponsible child, and to pour the vials of wrath and vials of liquor also upon the head of the saloon-keeper. This latter person, moreover, is pictured as a sort of a malignant spirit whose sole purpose in life is to make men drunkards and whose joy at the accomplishment of his object is as the joy of the fiends.

The Chicago Herald-Record in commenting upon the Bishop's discourse sustains his position that the theory in both aspects is utterly false, and in our opinion not without good reason. Generally speaking the drunkard is a responsible person given over to self-indulgence. He understands what the consequences of drinking are, but either he has undermined his will by the indulgence he whimperingly conceals everything to his appetite, or such will as he has is the will of a wrong-headed pride which makes him feel that it is more manly to assert his personal liberty by getting drunk than by keeping sober. If we excuse him for his defects of will in character, we must excuse all of the wrong doing in the world in the same way, sanction every indulgence or self-repudiate all discipline and deny the freedom of will. But the world is not so generous to other faults, and the fact is, the drunkard is too often coddled and his abuse is too often coaxed into repetition by overkind treatment when he should be abandoned to his own resources and literally left alone. As for the saloon keeper, whatever may be said of the questionable character of his business he is not a fiend and even if he encourages drunkenness the victim is always in the last analysis a victim of his own making. Bishop Potter has made a new departure in the handling of the temperance cause and in some respects at least it is an improvement upon the old system.

WOULDN'T WORK WELL.

POSTMASTER GENERAL SMITH thinks his office should be made permanent. He says it is impossible for a man taken as the postmaster general always is from private life or official place, with no knowledge or experience of the business, to acquire a sufficient knowledge of the work in the time he has before him. To be postmaster-general is a profession in itself. It takes a lifetime to acquire a full knowledge of it. While much that he says may be true, such a change as he suggests cannot be expected. The postmaster-general is a cabinet officer, a member of the President's official family. It is for many reasons desirable that a new official should be appointed by a new president. It would be unbecoming that a president must retain a cabinet official selected by his predecessor, perhaps opposed to his ideas in general and in detail. The several assistant postmaster-generals have more to do with the management of the department than the principal himself. It might be well enough to make them permanent officials. There is no prospect, however, that that will be done for a long time.

ANOTHER IDOL SHATTERED.

ONE by one the tales of childhood are exposed and proved false. One after another the traditions that have found place in history are exploded. Some of the old chiefs of Hawaii declare that the story of Captain Cook being killed by the islanders through treachery and then served up at a cannibal banquet are fictitious. They say that Capt. Cook was killed and part of his body eaten, but it was by children and under a mistaken impression that the cannibals had contained the famous explorer's body held nothing more than pig. The story is that the body was cut up with a view to making an offering to the gods, and that the pieces were placed in a separate calabash as an offering to the gods of the sea. There they were discovered by some children who ate the flesh under the impression that it was pig. There are compensations in everything and even then while we regret to hear the old story denied, we may be pleased to learn what human flesh tastes like.

With the speaker of the house, the chairman of the Senate committee on appropriations and the secretary of the treasury all from Iowa, that State has an unusually strong representation at Washing-

ton. Only a few years ago Maine was the leading State in that respect. Reed, Dingley, Boutell, Frye and Hale, a combination of strong men, held positions that gave Maine an importance out of all proportion to her size. The importance Iowa reaches makes Roosevelt feel more secure as he looks ahead to 1904. Governor Shaw was a promising candidate for the presidential nomination, but his acceptance of a portfolio is supposed to remove him from the list of possibilities.

ONE of the great needs of the Boers, free communication with the outside world, is to be met by a Chicago man, if his scheme succeeds. He is chief engineer of the Chicago water works and is building six airships, one for himself, and one for each of his five sons. He says he knows they will work all right and when they are completed he will go at once to South Africa. They will then take in provisions and ammunition for the Boers. They will let down a wire from a height of three miles and will telephone the British that unless they leave the country, bombs will be dropped on them from the airships.

THE obvious thing for General Miles to do is to call down the next man below him, and so start the reprimand down along the line until it reaches a private and the private kicks a dog.—Boston Globe.

The dog might bite Maclay and start the whole trouble over again.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

Ore shipments from Elko county last week were 165 tons.

Last Monday evening Chas. Schuman, who was employed at the Ludwig smelter, sat down in a pot of hot slag. He was severely burned about the hips and left arm.

H. A. Cohen, General Manager for Delamar's properties in the west, has been in Delamar for the past week looking over the situation there, and to see what can be done for the betterment of the mill and mine.

Joe Deltrich has a shaft down thirty feet on one of his Mount Butler claims and is getting out some very fair gold rock. He has out about ten tons of ore which will be worked at the Latape mill. The ledge is over two feet wide.

It is stated that after the completion of the Butters reduction plant, which is being constructed ostensibly to work tailings in Six-mile canyon, near Virginia, some workings tests will be made upon the low grade ores of the Comstock mines.

The Battle Mountain Central Nevada says that at Galena William Meagher has struck a good body of ore in his mine and is averaging \$10 per day. The gold properties are also looking up as development work is done on them and everything looks very favorable towards Galena again coming to the front as a great bullion producer.

A new 100-ton cyanide plant is to be built at the old Carson Valley mill site, six miles below Dayton, to work the large deposit of Douglas tailings. It is estimated that there are about 400,000 tons of these tailings, and they are under a bond to a Mr. A. F. Rogers. Two carloads of tanks for the plant arrived this week Wednesday.

Rumor has it that heavy capitalists are figuring with Leland Balliet, the San Francisco mining man, to bring together the principal interests and properties at Tonopah, consolidating the water rights, mercantile interests and similar leading interests, in order to give better service at lower rates. Balliet denies the truth of the rumor, but it is learned that heavy stocks of goods have been ordered for the corporation in San Francisco and will be shipped into the lively Nevada mining camp.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

Elko county has thirty-three students attending the State University.

The White Pine county tax rate for 1902 has been fixed at \$3.95 on each \$100 valuation.

A peculiarity of the disease at Tonopah is that it does not attack either women or children.

The tax levy for Ormsby county for this year has been fixed at \$5 on each \$100 of assessed valuation.

It is estimated that the vote polled by Nevada at the election this fall will be one-third larger than in 1900.

Andrew Martin has been held to await the action of the Humboldt Grand Jury on a charge of assault with intent to kill.

James McCarty, who murdered an Italian woodchopper in Storey county several years ago and was sent to the State's prison for a term of twenty-one years, has applied for a pardon.

Rev. Robert G. Pike, now stationed at Carson City as missionary among the Plutes, has been spending the week in Yerington, and also visiting the Reservation. Mr. Pike was formerly among the Onedagas and Chippewas, in Wisconsin. He has been delegated a herculean task by his church.

The wife of a Carson Valley farmer has a liniment that she uses for everything. The other night she got sick and her husband got up in the dark, got the liniment and rubbed it over her body. She was given instant relief. The next morning it was discovered that the husband had got hold of a bottle of bluing instead of the liniment. How is that for the faith cure?

Most flattering news comes from White Pine county. It is a county that is rapidly forging to the front in a mining way, and it begins to look as if Elko will be a big town and the center of a big mining industry. There is much railroad talk and if roads are built connecting White Pine with the outside world it will be one of the richest and most populous counties in Nevada.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite, Try it. Only 50 cts. Guaranteed. For sale by S. J. Hodgkinson.

SAW DEATH NEAR.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma, and all Throat and Lung diseases. 50c and \$1.00 at S. J. Hodgkinson's. Trial bottles free.

SAYS HE WAS TORTURED.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by S. J. Hodgkinson for 25c.

NOW IS THE TIME

To get in on the ground floor. A limited number of shares in the capital stock of the Hesperian Crude Oil Company will be sold in Reno for one-fourth of par value.

The first well is being sunk and the chances are almost conclusive of getting oil. This is the first oil well in Nevada. The general manager of the company, A. Lowe, will call upon you in a few days.

The new oil field is located in Elko county, where are found immense beds of shale carrying more or less paraffine oil.

The fossil lime, which is there in large bodies, contains the same fossils of marine life and has the same smell of gas as has the lime that is found in the Pennsylvania oil fields.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store.

Best in the Market.
Pringle and Carroll have just received a five-barrel consignment of A. A. Jamie Moore whisky. They also handle Castle and Cutter. Their beer is drawn cold and sharp. Courteous treatment accorded all patrons.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Beech's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store.

News of the Reno Churches.

BAPTIST CHURCH—During the last week in our church circles things have been varied and full of interest. The annual meeting occurred on Wednesday night. Splendid reports from heads of departments were made and the church officers for the ensuing year elected.

Our Sunday services were very well attended and considerable interest manifested.

Mrs. Driver's brother, Mr. H. E. Deputy, who has just finished a three years' term of service in the U. S. Army as a member of the 4th Cavalry Band, has been in Reno several days visiting his sister. He took the train this morning for his home in California.

Next Sunday our congregation is to be treated to two sermons by the Rev. Dr. Woody has probably travelled as extensively and is as well informed as a Baptist and Christian worker, generally, as any man on the Coast and is a thoughtful and wise preacher. The public is most cordially invited to hear him next Sunday.

The entire Christian community will be interested in the coming of the world renowned Secretary of the Christian Endeavor movement, Mr. John Willis Baer of Boston.

Mr. Baer will be in Reno one whole day, January 23, and no person who is interested in the advancement of Christian truth and world-wide endeavor in morals should fail to hear this noted man. Remember the date, January 23.

Chance to Acquire Treasury Stock.

You should buy some treasury stock of the Consolidated Nevada Mining Company of Colorado Springs, thereby assisting in the development of the West and helping the population of Reno and vicinity.

The Company is capitalized for \$200,000, in 2,000,000 non-assessable shares. The Company, as you all know, is working, and the prospects of getting a mine are good. Every trustee connected with the Company is working to make this one of the best paying properties in Nevada.

The Company offers only a small block of treasury stock at the low price of five cents per share.

Come in and help us make it worth a dollar a share.

Call on or address J. K. Miller, president, A. F. Price, superintendent, 6 Ridge street, Reno, Nevada.

Or Secretary E. S. Bach, Exchange National Bank Building, Colorado Springs, Colorado.

A Tonopah Miner's Will.

Mr. Dunlap, of the firm of Dunlap & Stewart, Tonopah lawyers, died Wednesday night. He willed \$500 to the "Miners Union" and \$750 to his partner. Mr. Dunlap was one of the original owners on the Valley View lead and took out a mint of money during the boom.

The report that Mr. Winfield, a Winnemucca boy, had died in the camp unfounded. He was very sick but will pull through.

Ice Factory Nearly Finished.

The ice factory will be ready for operations by the middle of next week. The new ten-ton crane has been installed. It was built by John Michael's Union Iron Works after plans by Mr. Shadick, the constructive engineer of the ice plant.

The other machinery has been nearly all put in place and only the finishing touches are yet necessary.

Rich Copper Ore.

C. P. Mickell has brought in some specimens of copper from his mine that assay 58 per cent. The ore is nearly all carbonate. It contains a little copper oxide.

Ranch Property for Sale.

Bradshaw & Barnes have a number of fine ranches for sale in this vicinity and also in Sierra and Long Valleys. Read their announcement on the fourth page.

Two Lodges Hold Installation.

Last evening Reno Hive, No. 1, L. O. T. M., which does not mean Leave Out the Men, but Ladies of the Macabees—installed officers for naughty two. The installing officer was Mrs. Hartman of Sacramento, Deputy Supreme Commander.

The following officers were escorted their chairs and vested with the emblems of office:

Lixie Phelan, lady commander; Nellie Sutherland, past lady commander; Irene Fox, lieutenant lady commander; Ida Welshon, chaplain; Jennie Kerr, sergeant; Nellie Wright, mistress-at-arms; Amelia Wright, record keeper; Margaret Good, finance keeper; Mary Mahan, sentinel; Ida Andrews, picket.

The following program was given: Instrumental solo, Mrs. Butler; duet, Miss Ward and Mrs. Ward, accompanied by Miss Stanley, selection by the mandolin club, under the direction of Mrs. Rousseau; selection by Messrs. Dann and Phelps, accompanied by Mrs. Sauer, quintette, Messrs. Merrill, Julian, Smith, Jamieson and Phelps, accompanied by Mrs. Lake.

At the conclusion there was dancing followed by refreshments.

Court Mount Rose, 3354, installed officers last evening as follows:
